The Mahatma Phule Renewable Energy and Infrastructure Technology Ltd. (MAHAPREIT), a fully owned subsidiary of MPBCDC, has awarded a 1 MW green hydrogen project to Waaree Renewable Technologies (WRT) on a build-own-operate basis.

The company has received Letter of Intent (LOI) dated March 31, 2023, for executing a 1 MW green hydrogen project in Maharashtra. Apparently, the project will be executed within 12 months.

Formally known as Sangam Renewables Ltd., Waaree Renewable Technologies is a subsidiary company of Waaree Group and spearheading the solar EPC business.

Headquartered in Mumbai, the company operates across geographies and aims to reduce carbon footprints to create sustainable environment for future generations by providing renewable energy solutions.
